Conference in Honor of Ronnie de Sousa – Practical information

Geneva, 23-24 May 2022, and Graduate Day, 25 May 2022

UniBastions room B214 (Main building, second floor)

Moving around Geneva

From Geneva's airport to the main station

The best solution is to take the train from the airport to Geneva's main station. The train platforms are situated underground and quite easy to find from the terminals; trains run quite frequently, and they all stop in Geneva's main station. The trip takes about seven minutes. See below for indications as to how to proceed from Geneva's main station.

From Geneva's main station

Head out of Geneva's train station through the main exit. Here you'll find a number of bus and tram stops offering connections to the rest of the city depending on where you will be staying. You can search for point-to-point connections here.

The venue

The event will be taking place in <u>UniBastions</u>, in the city centre. Room B214 is situated in the building's second floor.

Restaurant suggestions for lunch

<u>Le Remor</u>: Geneva's historic café and tea room serving quiches, burgers, and croques monsieur.

<u>Café du Grütli</u>: cozy restaurant located in the Grütli theatre and offering mainly vegetarian dishes

<u>Le Dorian</u>: historic Genevan café/brasserie serving French and Italian inspired dishes and Genevan specialties

<u>L'Epi Doré</u>: Portuguese bakery on Place de Plainpalais offering quiches, sandwiches, daily specials, and Portuguese pastries on site or to take away

<u>Street Beirut</u>: casual and trendy Lebanese restaurant serving traditional Middle Eastern cuisine to eat on site or to take away.

Zem: modern Turkish restaurant offering meat, falafel, a wide choice of garnish, as well as fresh juices on site and to take away

<u>La Piadineria</u>: Italian fast food offering piadine (Italian flatbread topped with cold cuts, cheese, and vegetables, on site and to take away)

Bao Canteen: Taiwanese canteen offering Taiwanese Hamburgers (bao) to eat on site or to take away
