INTERNATIONAL WORKSHOP ON HUMAN VOICE AND EARLY DEVELOPMENT Intersubjectivity and Nonverbal Behaviors

December 5-7, 2018, Campus Biotech, Geneva, Switzerland

WEDNESDAY, DEC 5TH				THURSDAY, DEC 6TH				FRIDAY DEC 7TH			
TIME	TYPES	SPEAKERS	TOPICS	TIME	TYPES	SPEAKERS	TOPICS	TIME	TYPES	SPEAKERS	TOPICS
14.00-14.15	Welcome	Didier Grandjean & Manuela Filippa	Introduction	8.30-9.30	PRES3	Pascal Belin <i>University of Marseille, France</i>	A vocal brain: Cerebral processing of voice information	8.30-9.30	PRES9	Klaus Scherer <i>University of Geneva, Switzerland</i>	The expression of emotion in voice and music: Phylogenetic and ontogenetic considerations
14.15-15.15	PRES1	Pier Francesco Ferrari <i>CNRS, Lyon, France</i>	The impact of early social interactions on brain development and cognition in human and nonhuman	9.30-10.30	PRES4	Pierre Kuhn <i>CHRU, Strasbourg, France</i>	Early environment and language development	9:30-11:30	POSTERS - COFFEE BREAK		
15.15-16.15	PRES2	Jacqueline Nadel <i>CNRS, Paris, France</i>	Synchrony and imitation : their function in early human interaction	10.30-11.00	COFFE BREAK			11.45-13.45	WORKSHOP3	Björn Schuller <i>Imperial College London, UK</i>	Minimalistic vocal features of typical and atypical development
16.15-16.45	COFFE BREAK			11:00-12:00	PRES5	Piera Filippi <i>CNRS, Aix-Marseille, France</i>	Vocal communication of emotion: A biologically universal code underpinning language evolution	13.45-14.45	LUNCH		
16.45-18.45	WORKSHOP1	Davide La Vecchia <i>University of Geneva, Switzerland</i>	The statistical analysis of time series	12.00-13.00	PRES6	Manuela Filippa <i>University of Geneva, Switzerland</i>	Early interactions in the neonatal intensive care unit	14.45-16.45	WORKSHOP4	Daniel Messinger <i>University of Miami, USA</i>	Data set of behavioral coding
				13.00-14.00	LUNCH			16:45-17:15	COFFE BREAK		
				14.00-15.00	PRES7	Fleur Lejeune <i>University of Geneva, Switzerland</i>	Female voice influences the early tactile manual abilities of preterm infants	17.15-18.15	PRES10	Adrien Meguerditchian <i>University of Aix-Marseille, France</i>	Vocal and gestural communication in nonhuman primates and the question of the origin of language
				15.00-16.00	PRES8	Daniel Messinger <i>University of Miami, USA</i>	Early vocal interaction: Emotion, autism and preschool language	18.15-18.30	Conclusions		
				16.00-16.30	COFFE BREAK						
				16.30-18.30	WORKSHOP2	Olivier Lartillot <i>University of Oslo, Norway</i>	Music and voice analysis using Matlab: MIRtoolbox and the MiningSuite				
				18:30-19:30	APER0
