GLOBAL HEALTH, DRUGS, POLICY AND POWER

20-24 JUNE 2022
GLOBAL HEALTH, DRUGS, POLICY AND POWER

- Be part of an intensive course looking at drug policy from a multidisciplinary, governance perspective with a focus on health and human rights, policy and power
- Classes with renowned international and local experts
- The chance to explore the historical, sociological and policy perspectives of three major present day drug issues: opiates overdose epidemics; cannabis regulations and markets, tobacco and nicotine products debates; as well as the power dynamics and economics of how various substances are dealt with in our societies; and potential governance solutions
- You will have the opportunity to visit key places in Geneva such as the World Health Organization and the United Nations
- Explore solutions for better governance
