SCIENCE COMMUNICATION IN THE POST-COVID19 ERA

27 JUNE–1 JULY 2022

unige.ch/genevasummerschools
COURSE DESCRIPTION

Has ever been a more critical moment to effectively engage lay audiences with science and technology? This course is meant to bring awareness and perspectives towards the shifting paradigms related to the global events that we are living in. We want to provide an exhausting overview of the pillars that we believe ought be the foundation of a correct and meaningful science communication. Join us for a course given by some of the maximum experts in the field of science communication!
