

The background features a textured grey surface with several large, overlapping speech bubbles in shades of brown, orange, and teal. Below the title, there is an illustration of several hands of different skin tones (brown, light skin, dark skin) raised, some wearing accessories like a watch and a bracelet. The hands are positioned as if they are about to hold something together.

PENSER AVEC NOS MAINS

THINKING WITH YOUR HANDS

JEUDI 13 OCTOBRE 2022

18h30 | Uni Dufour, salle U300

Conférence de

SUSAN GOLDIN-MEADOW

Professeure de psychologie et de développement humain comparé, Université de Chicago
