CME credits will be requested to: Association des médecins du canton de Genève, Swiss Neurological Society, Swiss Professional Society of Geriatrics, Swiss Society of General Internal Medicine, Swiss Society of Psychiatry and Psychotherapy and Association Suisse des Neuropsychologues

# Speakers

---

**Bruno Dubois** is an emeritus Professor of Neurology at the Neurological Institute of the University Salpêtrière Hospital in Paris, Sorbonne University. He is the former Director of the “Institute for Memory and Alzheimer Disease” (IM2A), of the Paris Center of Excellence in Degeneration (CoEN) and of the Research INSERM Unit on “Cognition and Neuroimaging in Brain Diseases” at the ICM (Institut du Cerveau et de la Moelle Epinière) at the Salpêtrière Hospital.

Professor Dubois is known as the person who re-conceptualised Alzheimer’s disease as both a clinical and biological condition, enabling early diagnosis using biomarkers and the development of treatments targeting molecular pathology.

**Philip Scheltens**, MD, PhD, is Head of the Dementia Fund and partner at EQT Life Sciences. Before joining EQT, Dr. Scheltens worked as founder and Director of the Alzheimer Center at Amsterdam University Medical Center in Amsterdam, The Netherlands. He is an MD (neurology) and holds a PhD in Medicine from the VU University Amsterdam and is currently Emeritus Professor of Neurology at Amsterdam University Medical Centers.

Professor Scheltens is globally known for MRI-based rating scales for routine clinical use, the most forward-looking memory clinic in Europe, and for raising a generation of top clinical scientists.

# Practical information

---

## Location

Auditoire Jenny  
Rue Gabrielle-Perret-Gentil 4  
1205 Genève
