

## Unlocking the Power of 3D Cell Culture

Join us for an afternoon of inspiring presentations and interactive discussions on Novel Alternatives to Animal Models (NAMs).

- **Learn** about the latest advancements in the 3D cell culture workflow
- **Explore** innovative products and solutions from OMNI Life Science and Bio-Techne
- **Discover** the CERO 3D Incubator & Bioreactor on-site

**Thursday 4th of  
June  
14:30-16:00**

**CMU | A04.2906**

### Event Schedule:

- **14:30-15:00:** Presentation and Q&A session on the 3D cell culture workflow
- **15:00 – 15:45:** Guided tour of the TEO Platform (A09.2910) Prof. Marisa Jaconi

### TEO

Tissue Engineering Organoid  
Technology Platform
