USyd-UNIGE Partnership Collaboration Awards
Guidelines for Applicants

Purpose

The University of Sydney (USyd) and the University of Geneva (UNIGE) have identified each other as strategic partners to foster deep collaborations in research and education. The USyd-UNIGE Partnership Collaboration Awards (PCA) have been established to facilitate and support joint initiatives that will strengthen the two universities’ strategic priorities as well as develop multi-disciplinary cutting-edge research to create academic and societal impact.

In this round of the PCA, applicants are encouraged to submit funding proposals for innovative and sustainable programs built around collaborative research linking USyd and UNIGE. Proposals for learning and teaching initiatives may also be considered if included as part of a larger collaborative research proposal.

The funding scheme is not limited to a specific academic field and the proposals can be either focused on one discipline or be of interdisciplinary character. However, in view of the common goals of the partner universities to strengthen their joint expertise on sustainability, specific attention will be given to proposals covering such issues.

Proposals should include a long-term plan for engagement that includes leveraging external funding and publication outputs.

Preference will be given to teams which include PhD or masters by research students, postdocs, Early and Mid-Career Researchers (EMCR) and researchers on Sabbatical Leave rather than simply one-to-one research projects. Projects which are multidisciplinary in nature are encouraged.

In this round, up to five proposals will be funded (each with two Chief Investigators; one from USyd and one from UNIGE). Each successful proposal may receive up to the equivalent of AUD 20,000 from each university for a total of AUD 40,000.

1. Eligibility

1.1. Proposals are invited from academic staff from all disciplines at USyd and UNIGE and their affiliated Research Centres and Institutes.

1.2. Applicants from affiliated Research Centres and Institutes must be University Title Holders.

1.3. Chief Investigators must be employed on a full-time, part-time (appointed at least 0.5 FTE), fixed term or continuing basis. If on a fixed term contract, the end date must be beyond the funding period.

1.4. PhD and masters by research students, post-docs, and research assistants/associates are not eligible to apply as Chief Investigators but they are welcome to join the applications.
1.5. Current recipients of PCA funding whose project is still ongoing and will not have finished by the application close date may apply for concurrent grants but are required to submit a progress report of their current project when submitting their application. The progress report should be an attachment to the application – single page, narrative update on project progress to date and unexpended award balance.

1.6. Previous recipients of PCA funding whose projects have finished or will have finished by the application close date may only apply for consecutive grants if they have submitted their final report.

2. Duration

Funding is available from early August 2019 until 30 September 2020.

3. Important Dates

</tr>
<tr>
<td>Latest date for projects to end</td>
<td>30 September 2020</td>
</tr>
<tr>
<td>Final reports due</td>
<td>30 November 2020</td>
</tr>
</tbody>
</table>

4. Eligible Grant Activities

4.1. Activities that will be considered for funding include:
- Airfares: Only travel on economy class will be considered;
- Other travel expenses (e.g. train, rental car);
- Costs for hosting seminars/conferences or workshops (should not exceed 50% of total budget);
- Accommodation and subsistence (for visiting researchers);
- Consumables; and
- Publications and printing costs of up to AUD 1,000.

4.2. All travel activities must comply with the guidelines of the respective universities.
- **USyd** – All USyd travel must comply with the [Travel Policy 2018](#).
- **UNIGE** – All UNIGE travel must comply with the University of Geneva [guidelines](#) for travel costs.

4.3. Activities that will not be considered for funding:
- General teaching;
- An individual staff member’s research projects, unless as catalytic funding for the establishment of an international research collaboration with the prospect of external funding;
- Event registration fees;
- Venue hire if event held on campus
- Website development;
- Salaries or salary supplementation, and honoraria;
- Scholarships for students;
- Course fees for international students;
- Bench fees;
- Mobile phone cards;
- Entertainment costs; and
- Computers, including laptops (excluding access to high-performance computers or other specialised applications that are justified by the project) and basic computing facilities such as printers, word processing and other standard software.
5. Submission Requirements

All proposals must be submitted online and include the following elements:

- Brief narratives addressing the selection criteria: Quality & Relevance, Execution, Impact (see point 6)
- Project timeline (a timeline form is built into the online application)
- Project budget (a budget form is built into the online application)
- CV of the Chief Investigator of each university (max. 2 pages in length) which should include:
  - Qualifications, current position and employment history
  - 10 career-best publications
  - Awards and relevant presentations
  - Current grant income
  - Collaborative track record (limited to 200 words)
- A brief letter of support in English on official letterhead from any additional institution/organisation (other than USyd or UNIGE) that intends to formally collaborate.

6. Scoring and Selection Criteria

6.1. Priority is given to applications that align with the strategic research areas of both universities. Applications in other fields showing good prospect of sustainability are also welcome.

6.2. Criteria do not have weightings; proposals are assessed holistically. Each proposal will be assessed according to the selection criteria described below.

<table>
<thead>
<tr>
<th>Score</th>
<th>Category</th>
<th>Justification</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>Excellent</td>
<td>Proposal successfully addresses all relevant aspects of the criterion. Any shortcomings are minor</td>
</tr>
<tr>
<td>3</td>
<td>Very Good</td>
<td>Proposal addresses the criterion very well, but a small number of shortcomings are present</td>
</tr>
<tr>
<td>2</td>
<td>Good</td>
<td>Proposal addresses the criterion well, but a number of shortcomings are present</td>
</tr>
<tr>
<td>1</td>
<td>Poor</td>
<td>Criterion is inadequately addressed or there are serious inherent weaknesses</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Selection Criteria</th>
<th>Description</th>
</tr>
</thead>
</table>
| Quality & Relevance| • Clearly describe the objectives and methodology to be employed with the project. The alignment with strategic priorities and the objectives of the funding scheme will be considered in combination with the soundness of the concept and credibility of the proposed methodology.  
  • Explain how the participants in the research team will bring together the necessary expertise to carry out the project. The 2-page CVs of the Chief Investigators will be taken into consideration.  
  • 300 word maximum                                                                                                                                 |
| Execution          | • Elaborate on the workplan and milestones outlined in the timeframe (there are separate sections in the application form for an outline of activities in the Timeline and Budget). Proposed timeframes and budget estimates should be realistic and appropriate.  
  • The long-term plan for engagement to attract research funding and produce publications will be taken into consideration.  
  • This section should also address the appropriateness of the allocation of tasks, ensuring that all participants [including PhD or masters by research students, postdocs, Early and Mid-Career
Researchers (EMCR)\(^1\) and any researchers on Sabbatical Leave] have a valid role and there are adequate resources in the project to enable them to fulfil that role.

- 300 word maximum

### Impact

- Outline what the participants will gain from the project and how it will contribute to the discipline and field of research.
- Explain how the project will establish or strengthen a durable cooperation between the universities and participants.
- Explain how the project will impact beyond the academic sphere (i.e. benefit society and address global challenges).
- Explain how the project activities and results will be communicated to different target audiences.
- 300 word maximum

---

#### 7. Assessment Process

Award selection will be made by a joint committee formed by members of both universities, which reserves final authority over the selection of projects taking into account university and faculty strategic priorities, and the availability of funds.

#### 8. Application Submission

8.1. All applications must be jointly submitted by a Chief Investigator from USyd and a Chief Investigator from UNIGE.

8.2. A copy of the questions included in the online application form (including budget) is available for preview from the USyd Funding Schemes Site at [http://sydney.edu.au/award-schemes](http://sydney.edu.au/award-schemes).

8.3. All applications must be submitted online via the USyd Funding Schemes Site at [http://sydney.edu.au/award-schemes](http://sydney.edu.au/award-schemes).

8.4. Applications can only be initiated by the Chief Investigator from USyd using their UniKey and password. Chief Investigators from UNIGE may only access and edit the applications after invitation from USyd Chief Investigators to be a “Member” of the application.

8.5. All applications require the endorsement by the relevant USyd Head of School and UNIGE Head of School. The Chief Investigators must complete their respective Endorsement Coversheet and upload it to USyd Funding Schemes Site before final submission.

8.6. Only complete submissions will be considered.

8.7. Late applications will not be considered.

#### 9. Notification of Application Outcomes

Successful applicants will receive a letter of award outlining the process to accept the award including payment. Feedback on individual applications will not be provided.

---

\(^1\) Early-Career Researchers are defined as those within 10 years of award of PhD and Mid-Career Researchers are defined as those between 10-15 years of award of PhD.
10. Change of Investigator

Applicants should contact the Program Coordinator at each institution. Such changes will need to be approved and documented.

11. Extensions

Under exceptional circumstances extensions will be approved for a maximum period of six months. Applicants seeking an extension must submit an Amendment Request Form along with a revised budget and timeline of activities to the Program Coordinators for approval. Amendment Request Forms are available upon request from the Program Coordinators.

12. Forfeiture of Grants

Grants not spent by 30 September 2020 must be returned so that unspent balances can be re-allocated.

13. Financial and Reporting Obligations

The funding should only be used for the approved project and in accordance with the proposal and the budget plan. It must not be used for any other purposes and prior approval is needed for any variation in the budget items. Request for variations from original proposals must be submitted to both universities using an Amendment Request Form. Amendment Request Forms are available upon request from the Program Coordinators.

Awardees must adhere to the purchasing guidelines of the respective universities to which reimbursement is to be sought. Reimbursement of each expenditure item will be capped at the approved amount.

Recipients must submit a final report by 30 November 2020. In consultation with their Finance Manager, recipients must complete the acquittal of awarded funds by 30 September 2020 and provide a statement as part of their final report. An acquittal statement template is provided with the report pro-forma online through the Funding Schemes Site which is linked to your application. Recipients who fail to submit a final report will not be eligible to submit future applications and mention of the Partnership Collaboration Award will be removed from their University of Sydney online Academic Profile.

The activation of research funding accounts are not tied to ethics/other approvals being obtained. It is the responsibility of Chief Investigators to ensure that no work requiring approval is commenced until such approvals are in place.

14. Publications

Any publications (e.g. abstracts, articles) or dissemination (e.g. public presentations) arising from activities supported by the PCA should acknowledge assistance received from the PCA and copies or notification should be submitted to the Office of Global Engagement and International Affairs at UNIGE. The standard acknowledgment is “USyd–UNIGE Partnership Collaboration Awards”.
